Placerville, CA 95667

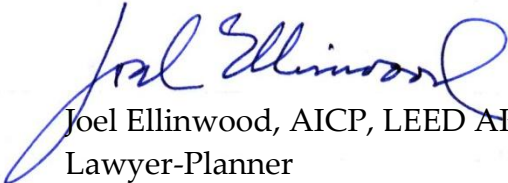

Re: San Stino EIR process

Dear Mr. Trout:

Thank you for your telephone response to my letter of March 20. In it, you indicated that you intended to send a written reply. Should I still expect one to be forthcoming?

In correspondence with Mr. Korotkin of San Stino, L.P., Mr. Rivas of your department requested a response by March 29 regarding how the developer intends to proceed with the Environmental Impact Report for the San Stino project. Have you received a response? If so, please provide me with a copy.

Very truly yours,

Joel Ellinwood, AICP, LEED AP
